MONEY, BONDS AND STOCKS.

In Increase of "Bear" Feeling, Accompanied by Lower Prices All Around. NEW YORK, June 11 .- Money on call was asy at 1 0 1 per cent, the last loan being made & 14 per cent; closing at 1@14 per cent.

Prime mercantile paper, 4 & 64 per cent. Sterling exchange was quiet but steady at M.864 for sixty-day bills and \$4.884 for demand. The total sales of stocks to-day were 293,420 thares, including the following: Cauada Southrn. 4,750; Delaware, Lackawanna & Western, 1,997; Erie, 4,160; Lake Shore, 8,925; Northvestern, 24,340; Northern Pacific, preferred, 1.320; Reading, 84,950; St. Paul, 61,465; Union

Pacific, 20,000; Western Union, 7,905. The bearish feeling so prominent on Saturday became more pronounced this morning, and Loudon came in as a seller, which added to the prevailing dissatisfaction with the situation, the result of the day's operations being a material decline throughout the entire list, with specially heavy losses in the grangers and Gould stocks. The principal local cause of the disturbance was the recent action of the Iowa Legislature, which seems to meet with less and less favor as it betomes better understood. London sold St. Paul, Louisville & Nashville, Erie and Reading, its the traders and "bears" jumped upon the mar-tet, and very large blocks of "short" stock were put out, bringing with them heavy sales of "long" stock also. The pressure was specially severe against the grangers, and St. Paul in particular, the unexplained weakness in the preferred stock, making the supposition that the reported new issue of sesurities is to be preferred stock more preva-lent. But the movement extended to all the grangers, and the forenoon's business was the largest for some weeks. Outside of the grangers, Union Pacific, Reading, Kaneas & Texas and Manhattan were notably weak, and late in the day a drop of 5 per cent. in the last mentioned stock checked the rally which seemed in progress and brought on a renewal of the selling. First prices were heavy, though puly small fractions below Saturday's closing figures, and the amount of business done during the greater portion of the first hour was small, and the lecline of small proportions; but later the sell-ing movement assumed larger proportions, and prices yielded rapidly. There was no break in the decline until near noon, when the market became more quiet, the business done showing a steady decrease until the last hour, when the weakness in a few stocks again started the seiling, and further losses were sustained over the ontire list. The market closed fairly active and weak at the lowest prices of the day. Sterling exchange showed a weakening tendency, but it is stated that the reason that the heavy sales of bonds have not depressed the exchange market more is that most of it has been sold to foreign houses who have been selling stocks. San Francisco preferred stands alone In showing an advance this evening, its gain being 1 per cent., but St. Paul preferred lost 31, Burlington & Quincy 21. Northwestern 11, Rock Island & Reading 11, Kansas & Texas 13, Omaha 12. Union Pacific 14. Manhattan 54.

Railroad bonds were quiet and fluctuations parrow. The sales were \$1.330,000. Texas & New Orleans, Sabine 6s rose 2, to 102; Kansas & fexas 6e lost 2, at 58, and 7e 3, at 93. Government bonds were dull and rather heavy. State bonds were dull and steady. Closing

CHICAGO, June 11 .- The unusual action of the markets for cereals on Saturday caused some nervousness and activity in the pits this morning. Opening prices were lower all around than the closing sales of last week. Wheat started at to under, at 85te for July, and after a little show of strength touched 86t @86te. This was followed by extreme weakness at once, on the belief that the decrease in the visible supply would be small, and July went down to 85c before noon. Then the visible supply figures showed a decrease of 670,000 bushels, not so bad as expected an hour before, and prices rallied just a little. July returned to 851 2851c. The trading for the first hour was nervous and fair trading for the first hour was nervous and fair in volume, but after 12 o'clock the pit was dull. July closed at 84 c. Corn was subjected to some very depressing influences. There was an increase in local stocks for the week of 994,335 bu, and at Buffalo of 533,000 bu, while the total visible supply increased 1,894,-364 bu. In addition, there were estimates for to-morrow of 885 cars. The latter was the weakest future of all. July started ic lower, at 52c, and after a rally to 52 c, broke to 51 c, but there seemed to be a fair demand for the property at this figure. The closing figure was 51 c. erty at this figure. The closing figure was 51 fc. Oats ruled quiet and dull July sold at 321 2 321c, and closed at 32 2 321c. Provisions, owing to the receipt of 33,000 hogs at the yards, were somewhat unsettled, and prices fluctuated considerably within a narrow range. Offerings were firm, but the demand was only moderate, and the market closed rather quiet at a medium figure. July pork opened at \$13.97\, sold at \$13.90 \$13.40, and closed at \$13.90. July lard ranged at \$.57\, 38.62\, and closed at \$.57\, c. July short ribs at 7.57\, 37.67\, and closed at .60c. The leading futures ranged as follows:

INDIANAPOLIS MARKETS. A Fair Volume of Trade in Progress, with a Steady Tone to Prices.

INDIANAPOLIS, June 11. In most departments to-day trade was fairly active, and except in the produce markets prices ruled steady and firm. In the produce line there were several fluctuations. Old potatoes and new, as well, drop lower, while cabbage jumps up \$1 per crate and in light supply. Hens advance | cent. The poultry men are quarreling with each other and their business is gradually drifting to other markets. In circulars they quote one price and on arrival of poultry it is alleged they pay less. At any rate, prices in this market are ranging below these Minner of the points of the shipments are furning that two days were 224 cars; shipments, 66 cars. Prices in third-rate poultry shipping point. Owing to the poultry dealers and strong; Western 17917; receipts, 3,248 packages.

Butter in abundant supply and prices weak. Strawberries in light supply and prices stiffening. New tomatoes are becoming quite abundant and prices dropping. The provision market is fairly active, and prices steady and unchanged. Grocers are busy, and prices all along the line firm. Sugars are meeting with large sales, and coffees moving out only to meet the requirements from day to day, the opinion prevailing that the market is soon to break. Other staple groceries are meeting with fair distribution. Trade was a little slow with the dry goods men to-day; but few buyers were in and mail orders were small. Rather quiet times are looked for for some days to come, as only goods will be needed to replenish broken stocks. Druggists prices of articles will be noticed to day.

There was but little attention paid to grain markets, the interest of grain men centering in the election of officers of the Board of Trade. Track bids to-day ruled as follows: Wheat-No. 2 red.....
